Product Specification Sheet

BST Ring Binder | RBA42*

The BST Ring Binders

Our anodized aluminium products are extremely durable. The anodizing process helps to harden and coat the aluminium and this process helps to create a weather-resistant, tarnish-resistant surface that can remain like new for years, but over time, anodized aluminium will begin to naturally scratch and fade, just like any metal. You can offset these effects with regular cleaning, which helps to brighten the metal and maintain its natural sheen.

Ring Binder Advantages

- ✓ Detectable by in-line metal detection systems & x-ray inspection systems
- ✓ Food safe, hygienic metals
- ✓ Anodised Aluminium, tough and extremely durable
- ✓ Strong, Durable and hygienic constructions
- ✓ Can be used as part of HACCP and BRC procedures
- ✓ Displays due diligence in the prevention of foreign body contamination

Product and Packaging Information

Product Code	RBA42*		
Pack Size	1	Rings/Clips	Electroplated Nickel
Pack Weight	0.57kg	Material	Anodised Aluminium
Colour	R,G,Y	Detectability	Metal Detectable
Thickness	1.0mm	Country Of Origin	China
Dimensions	235mm x 320mm x 35mm	Commodity Code	76169990

Safety Certificates / Approvals

BRCGS Compliant ISO 9001:2015

Metal Detectability

BST products manufactured from anodised aluminium - we would recommend calibrating your system using aluminium test pieces of the smallest possible diameter.

BST recommend that all our products be thoroughly tested on your metal detection system / x-ray inspection system by a trained and certified professional. Your equipment may need to be re-calibrated in order to reliably detect this product. Such a professional should be available by contacting the manufacturer of your metal detection system.

The information provided in this product specification sheet is based on our experience and knowledge to date and we believe it to be true and reliable. This information is intended as a guide for your use of our products, the use of which is entirely at your own discretion and risk. We, BS Teasdale & Son Ltd, cannot guarantee favourable results and assume no liability in connection with the use of our products. © 2023 BS Teasdale & Son Ltd.
