

Detectable Food Safe
Maintenance Solutions

NEW ((DETEX))™

METAL AND X-RAY
DETECTABLE TRIGGER
SPRAYER

ONE MORE STEP IN FOOD SAFETY

LPS® launches a new, innovative DETEX™ package with a metal and x-ray detectable trigger. DETEX™ components are engineered from metal and x-ray detectable plastics to reduce the risk of foreign object contamination during food and beverage processing.

Fill empty DETEX™ trigger bottle with the LPS® food safe maintenance chemicals that meet your needs.

These bottles are suitable for use with vegetable based oils. The plastic trigger bottle will not contaminate the contents.
