

Cut Resistant Gloves | PE1CT2015NW*

Cut Resistant Gloves

These level 5 cut resistant gloves are non-detectable and feature colour coded cuffs to denote their size. Knitted from Spectra / Dyneema yarn, these gloves are able to be washed up to 15 times whilst maintaining their properties and have been tested for food use. The Spectra fibre is engineered for its lightweight strength, abrasion resistance, and durability. Dyneema is a superlight fibre that's stronger than steel at the molecular level. It's considered to be one of the strongest materials in the world.
